

PROVIDER ALERT

2016 PBHS PROVIDER TRAINING SURVEY:

BUSINESS PRACTICES AND TECHNICAL ASSISTANCE

JUNE 13, 2016

The changing payment and service delivery landscape greatly alters how health care is delivered and paid for and with an expansion to service capacity, the Public Behavioral Health System (PBHS) wants to ensure that all behavioral health organizations are prepared. In order to determine the PBHS provider training and technical assistance needs, a brief survey has been developed to collect responses directly from providers. All behavioral health providers are encouraged to participate.

Instructions: Click on the link below to take the online survey.
