

# MARYLAND Department of Health

Behavioral Health Administration

American Society of Addiction Medicine (ASAM) Training

October 16, 2019

---

**This is a free course and 7.5 CEUs will be offered.**

In the spring of 2019, ASAM updated its copyright permission process for *The ASAM Criteria* to create clarity in the market and protect the integrity of these clinical standards over the long term. In response to the recent update of ASAM's copyright permission process for *The ASAM Criteria*, the Behavioral Health Administration in partnership with ASAM will be offering **FREE** ASAM regional training in Maryland, to include 7.5 CEUs. This training will include activities that support the development of the knowledge and skills required to implement *The ASAM Criteria*, and provide updates and information for providers to proactively address the changes.
