

## PROVIDER ALERT

### RESIDENTIAL SERVICE FEE SCHEDULE UPDATES

NOVEMBER 22, 2019

---

The substance use provider fee schedule has been updated to accurately reflect the rate increase for levels of care 3.3 - 3.7WM as well as the room & board rates for residential providers. Per COMAR 10.09.06 recent update, this rate was effective on July 1, 2019.

#### What's next?

If the provider billed a higher rate on their claim submission then Beacon Health Options will reprocess claims and pay the adjusted rate up to the newly increased rate. No further action is necessary by the provider.

If the provider billed the rate that was listed on the previous fee schedule and your costs were higher than that service, then you will need to rebill the claim in order to get the updated rate.

In this case, the provider may either submit a corrected claim or void the original claim and resubmit if your costs were higher than the covered rate for this service.
