**Maryland Medical Assistance Program
General Provider Transmittal No. 93
June 22, 2023**

TO: All Providers

FROM: 
Tricia Roddy, Deputy Medicaid Director
Maryland Medicaid

RE: Update to PT 55-23: Healthy Babies Equity Act, Effective July 1, 2023

NOTE: Please ensure that appropriate staff members in your organization are informed of the contents of this memorandum.

Effective July 1, 2023, the Maryland Department of Health's Medical Assistance Program (the Department) will provide comprehensive coverage to non-citizen pregnant Marylanders with income up to 250% of the federal poverty level (FPL) who would otherwise be eligible for Medicaid or Maryland Children's Health Program (MCHP) but for their immigration status, as well as their children up to the age of one year, as required by *HB 1080–Healthy Babies Equity Act (Ch. 28 of the Acts of 2022)*.

The Department estimates approximately 6,000 non-citizen pregnant Marylanders will be eligible for this benefit in the first year. Applicants will apply for coverage through the consumer portal on Maryland Health Connection. The benefit will provide coverage during the pregnancy and four months of comprehensive coverage during the postpartum period. This postpartum period is defined as the date a pregnancy ends to the last day of the month in which the four-month period ends. Retroactive Fee-for-Service (FFS) coverage will be available for up to three months, subject to the limitations outlined below.

The non-citizen pregnant individual (birthing parent) will be eligible for the same benefits package available to other pregnant individuals, including physical and behavioral health services, as well as dental and prescription drug coverage without copays. Participants will be enrolled in a managed care organization (MCO) during the prenatal and postpartum periods. Carved out benefits will be covered on a fee-for-service basis. **This guidance document supersedes and replaces guidance from PT 55-23 under the Healthy Babies Equity Act heading.**

Participant Eligibility Criteria

An individual may qualify for this coverage if they meet the following criteria:

- Non-citizen (*e.g.*, undocumented, non-qualified alien) who does not qualify for Medicaid solely due to immigration status,
- Maryland resident,
- Currently pregnant or pregnant within the last four months

- Income up to 250% FPL.

Effective July 1, 2023, non-citizen, pregnant individuals no longer need to apply before their pregnancy end date in order to receive benefits. The individual may be eligible for retroactive coverage up to 3 months immediately preceding the month of application.

Exclusions

Retroactive coverage will not extend prior to the start of the pregnancy and will not be available before **April 1, 2023**. Individuals who do not qualify for this benefit may be eligible for emergency medical services covered through a limited Medical Assistance benefit for non-qualified or undocumented non-citizens.
