

Provider Alert

COVID-19 Webinars

March 30, 2021

The Maryland Department of Health (MDH) Behavioral Health Administration (BHA) regularly updates resources and information related to COVID-19. Here is the latest information:

Please note: This Friday's webinar is canceled

The MDH Behavioral Health Provider Webinar with Public Health will not be held on Friday, April 2. The weekly webinar will resume next week. Find [archived presentations](#) on the BHA website.

Tonight: Webinar on Addressing Vaccine Hesitancy

BHA presents an important webinar for Maryland providers:

*Addressing the Vaccine Hesitancy that You, Your Colleagues,
or Those in Your Care May Have*

Tuesday, March 30 | 5-6:30 p.m.

[Register here](#)

COVID-19 vaccine hesitancy will continue to be a barrier to protecting ourselves as well as our community, even as access to vaccines expands. Focusing on providers of behavioral health services, this webinar covers information on how we can become better advocates in helping individuals understand the importance of getting vaccinated. [Learn more](#) or for questions, contact steven.whitefield@maryland.gov.

BHA continues to update behavioral health COVID-19 related resources on the [BHA website](#). Please submit COVID-19 related questions [here](#) or email bha.inquiries@maryland.gov.
