**PRP Requests: Incedo Forms**

*Incedo uses forms to capture additional information about the participant or request. The form sections are:*

- ✓ Diagnostic Information
- ✓ Other Referral Information
- ✓ Clinical Information
- ✓ Functional Criteria and Duration of Impairments
- ✓ Alternative Service and Transition Considerations

**Please note: Some questions may become conditionally required as determined by previous responses.**

Determining **Functional Impairment** is a critical component of Medical Necessity Criteria. This component appears in the Incedo form in the following section:

**Functional Criteria**

**1. Functional Impairment(s):**

Does the participant have marked inability to establish or maintain competitive employment? \*\*  
 Yes  No

Does the participant have marked inability to perform instrumental activities of daily living (eg: shopping, meal preparation, laundry, basic housekeeping, medication management, transportation, and money management)? \*\*  
 Yes  No

Does the participant have marked inability to establish/maintain a personal support system? \*\*  
 Yes  No

Does participant have deficiencies of concentration/ persistence/pace leading to failure to complete tasks? \*\*  
 Yes  No

Is the participant unable to perform self-care (hygiene, grooming, nutrition, medical care, safety)? \*\*  
 Yes  No

Does the participant have marked deficiencies in self-direction, shown by inability to plan, initiate, organize and carry out goal directed activities? \*\*  
 Yes  No

Does the participant have marked inability to procure financial assistance to support community living? \*\*  
 Yes  No

**Duration of Impairment(s):**

Has participant demonstrated marked functional impairments for at least 2 years? \*\*  
 Yes  No

**Attached Documents** are allowed within the request/form to provide clinical or other evidence to support the request.

Incedo form fields **cannot** be supplemented with an attached document. All required fields must be completed accurately.

To ensure timely review and prevent an inaccurate denial, avoid referencing an attached document in a required form field.

**Admin Denial Checklist**

Used to determine Denial Reason for PRP requests
